*A final thought about the women in GFWC of Missouri:*

### ***Women Who Change the World***

*There are women who make things better... simply by showing up. There are women who make things happen. There are women who make their way. There are women who make a difference. And women who make us smile. There are women of wit and wisdom who -- through strength and courage -- make it through. There are women who change the world every day...women like you.*
